BILL NO. G-72-03-03

GENERAL ORDINANCE NO. G-\_\_\_\_\_

AN ORDINANCE concerning increases in the electric rates and charges for electric energy furnished for public, domestic, commercial and industrial purposes by the Fort Wayne City Light and Power Works to customers and patrons in the City of Fort Wayne, Indiana and in areas contiguous to said City.

WHEREAS, the City of Fort Wayne, Indiana has heretofore established and now owns and operates a municipal electric utility which municipal electric utility supplies

said City, the inhabitants thereof and patrons in areas contiguous to the boundaries of said City with electric energy which is used for public, domestic, commercial and industrial purposes; and

WHEREAS, the Board of Public Works of said City operates and manages said municipal electric utility; and

WHEREAS, said Board of Public Works has found, and has represented to the Common Council of said City, that the existing rates and charges for services furnished by said municipal electric utility do not provide sufficient revenues to meet and pay the financial requirements of said municipal electric utility in accordance with the provisions of IC 1971 8-1-2-96 (Burns' Ind. Stats. Ann § 54-609 as last amended); and

WHEREAS, said Board of Public Works has further found and has represented to the Common Council of said City that the revenues of said municipal electric utility for the year ended December 31, 1971, were not sufficient to pay all the necessary expenses incident to the operation of said municipal electric utility, including maintenance costs, operating charge and repairs, and that said revenues were insufficient to provide adequate funds for working capital and for making extensions and replacements; and

WHEREAS, said Common Council finds that said representations are true and said Common Council further finds that said revenues were insufficient to provide for the payment of all taxes assessed against said municipal electric utility, including payments to said City in lieu of taxes and were insufficient to provide a reasonable profit on the investment of said City in said municipal electric utility and to maintain the utility property and business in a sound physical and financial condition; and

WHEREAS, said Board of Public Works has represented to said Common Council and said Common Council now finds that the schedule of rates and charges attached hereto, made a part of this Ordinance and identified as Exhibit A will provide sufficient revenues to meet all the financial requirements of the municipally-owned and operated electric utility in accordance with the provisions of Section 54-609 Burns' Statutes, 1951 Replacement and are, therefore reasonable, just and lawful; now therefore,

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA THAT:

SECTION 1. SECTION 2.
